

CONGRATULATIONS!

You've taken that first step toward participating more actively in life.

“Why can't someone harness hearing aid technology and make it affordable for me?”

At MDHearingAid[®], someone just did.

Dear Friend,

As a board-certified Ear, Nose, and Throat surgeon who deals regularly with untreated hearing loss, **I believe cost should never stand in the way of helping you hear better and having the quality of life you deserve.**

I've seen first-hand how a loss of hearing can lead to misunderstandings, strained relationships, social withdrawal, depression, and even dementia. Instead of standing by while the cost of hearing aids soared beyond the reach of most budgets, I decided to do something about it. The result? The lowest priced line of FDA-Registered, medical-grade hearing aids in America — MDHearingAid.

We believe that **better hearing = better living.**

We will gladly review your hearing test at no charge, and help you find an affordable hearing solution that's right for you. Fax your hearing test results to **800-937-5970** or email to **support@MDHearingAid.com**.

With a MDHearingAid, you will hear and feel **years younger:**

- share a laugh with your grandchildren
- hear the church sermon clearly
- listen to the TV or radio at a volume that's comfortable for others
- keep the spark alive with riveting conversations with your spouse
- be productive and effective in the workplace
- catch all the jokes at the next dinner party!

Our customers have already saved, collectively, over half a billion dollars — compared to traditional hearing aid costs — *without sacrificing quality.* Now it's your turn. See inside for the many reasons why MDHearingAid could be a smart choice for you.

Sincerely,

Dr. Sreek Cherukuri
Board-Certified Otolaryngologist
Founder, MDHearingAid, Inc.

P.S. Don't miss out any longer! Take advantage of our 45-Day Risk-Free Trial. If you're not completely satisfied, we'll refund every last penny. You have my word on it!

MDHearingAid[®]

THE DOCTOR'S CHOICE FOR AFFORDABLE HEARING AIDS[®]

DOCTOR RECOMMENDED

“I will be recommending these to my patients with hearing loss.”

— Dr. A. Kulkarni
Board-Certified

Family Practice Physician

As seen in...

WALL STREET
JOURNAL

MDHearingAid® >>> AIR

Compare these advanced technology features with those of hearing aids costing \$3,500 or more.

The MDHearingAid AIR is a medical-grade, FDA-Registered, all-digital hearing aid that works — right out of the box! No time-consuming “adjustment” appointments — just the best quality hearing aid for your money. *Guaranteed.*

Best Seller!

- **Discreet** — nearly invisible profile.
- **Speech is clear** — advanced noise reduction virtually eliminates whistling and annoying background noise.
- **Sounds great everywhere** — three settings for use in different environments: work, home, parties, or dinner out.
- **You have control** — volume dial so *you* determine how loud or soft sounds will be.
- **Exclusive ComfortTIPS™** — shaped like your ear canal for superior sound quality and unprecedented comfort.
- **Seamless telephone use with Telecoil setting** — wirelessly link to telephones and looped environments, like churches. The speaker's voice goes directly from their microphone to your ears clearly.

“... they are great, with no feedback, sounds are really clear, voices are clear. It's as close to normal hearing as I ever had.” — Gary

Doctor Designed • Audiologist Tested • FDA Registered

MDHearingAid® >>> PRO

The MDHearingAid PRO provides premium analog sound for less!

- **Voices are crystal clear!** The critical frequencies of the human voice are amplified so conversations are warmer and more natural sounding.
- **No one will notice you are wearing it.** It discreetly fits either ear so only you will know you're wearing it!
- **Easy to use and customize!** You control your experience with a 2-program toggle switch and volume dial.

“Our entire family thanks you for giving us our Dad (and Grandfather) back and at a price he can afford.” — Terry

Which should I choose — PRO or AIR?

Leading ENT physicians and audiologists rigorously tested both MDHearingAid models and unanimously agreed the sound quality and output often exceeds expensive hearing aids.

4 Reasons Why MDHearingAid is Your Smartest Buy for Better Hearing

1. Doctor Designed, Audiologist Tested

Our hearing aids were developed through the collaboration of a board-certified Ear, Nose, and Throat surgeon and a doctor of Audiology.

2. High Quality, Safe Medical Devices

All of our hearing aids are FDA-Registered and licensed by Health Canada. They contain world-class components from the USA and Europe and are assembled and tested in the USA.

3. Best Value in FDA-Registered Hearing Aids in America

MDHearingAid is the manufacturer. This allows us to eliminate both the middlemen and the markups.

4. Advanced Physician/Audiologist After-Sale Support

Our team of physicians, audiologists, and hearing instrument specialists is always available online or by phone, 24/7.

Signature

(Signature is required to process order.)

By signing above, I agree that I am over age 18 and I have been advised by MDHearingAid that the Food and Drug Administration and the State of Illinois have determined that my best interest would be served if I had a medical evaluation by a licensed physician, preferably a physician who specializes in diseases of the ear, before purchasing a hearing instrument; or a test by a licensed audiologist or licensed hearing instrument dispenser utilizing established procedures and instrumentation in the fitting of hearing instruments. I do not wish either a medical evaluation or test before purchasing a hearing instrument.

2. Choose your MDHearingAid.

	MDHearing Aid(s)	MDShield Protection
